

What services does the ICT Helpdesk provide?

- **Wi-Fi Configuration Assistance**
We assist staff and students in logging into IIUM Wi-Fi and other official applications.
- **Basic Software Troubleshooting**
We help diagnose simple software issues and direct users to official IIUM resources when needed.
- **Escalation of Technical Issues**
Complex or advanced technical problems will be forwarded to ITD technical teams for further action.
- **IIUM Email Support**
We assist users in creating, accessing, or troubleshooting their IIUM email accounts.
