

Staff@IIUM

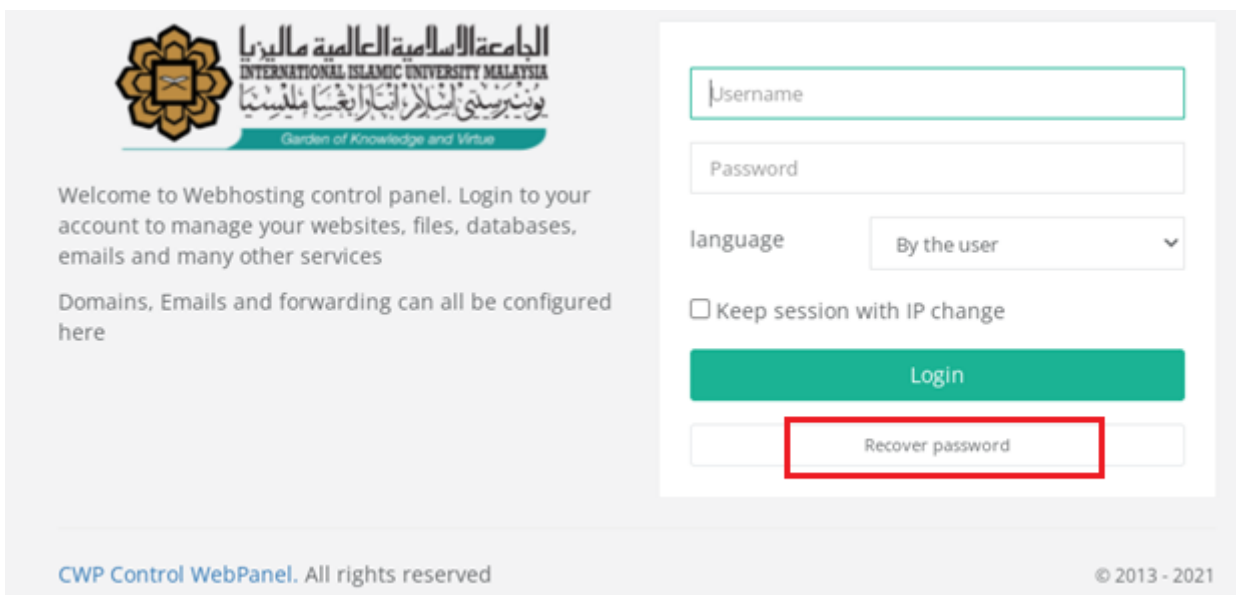

The Information Technology Division is offering web hosting facilities to all staff of the International Islamic University Malaysia. If you would like to have your web page hosted on our server, please activate your account. This web hosting facility is only available to IIUM staff who has an email account registered with the domain name "iium.edu.my". Your Web site's URL will look like the following: <http://youremailaccount.staffat.iium.edu.my>.

Forgot Password

This manual is a guide for staff to recover passwords through the Staff@IIUM, Staff Webhosting.

1. To retrieve your password, click **Recover Password**.

The screenshot shows the CWP Control WebPanel interface. On the left, there is a logo for the International Islamic University Malaysia (IIUM) with the text "Garden of Knowledge and Virtue". Below the logo, a welcome message states: "Welcome to Webhosting control panel. Login to your account to manage your websites, files, databases, emails and many other services. Domains, Emails and forwarding can all be configured here". On the right, there is a login form with the following elements: a "Username" input field, a "Password" input field, a "language" dropdown menu set to "By the user", and a checkbox labeled "Keep session with IP change". Below these fields are two buttons: a green "Login" button and a white "Recover password" button, which is highlighted with a red rectangular border. At the bottom of the page, the footer text reads "CWP Control WebPanel. All rights reserved" on the left and "© 2013 - 2021" on the right.

2. A new window displays to input the username and email address used to create your account.
3. Click **Send new password** to receive an email with further instructions on how to reset your password.

Forgot password

Enter your username and your email address and your new access will be sent to you by email.
