

## 2.8 Supervising Authorities

To ensure proper guidance is given to the student activities, the Deputy Rector (SA) may delegate his authority in managing and supervising student organisation to the officer in-charge of student activities. A programme can only be organized after obtaining approval from the Student Programme Approval Committee (SPAC), IIUM Gombak Campus. For the Kulliyah Based Society, the supervising/approving authority is the Deputy Dean in charge of student affairs.

For Pagoh campus: all student activities' proposal must go through SPAC meeting.
